

The VCSE DSL Peer Support (VDPS) Meeting

Forum CIO have been proud to provide free and up to date Safeguarding training and support to the VCSE (Voluntary, Charity and Social Enterprise) Sector. To expand on existing support and provide a wider and more timely service, we will now host and lead a quarterly meeting specifically for VCSE DSL (Designated Safeguarding Lead).

This meeting is for members/employees/volunteers of any size VCSE organisation who work with Children and/or Adults at risk who take the lead for safeguarding within their organisation (whether a named DSL or a single person run project)

The VCSE DSL Peer Support (VDPS) meeting will include (plus much more)

Updates relating to safeguarding practice, procedure, and policy. Updates and training from the children's and adults Safeguarding partnership. Training opportunities. Peer support. Opportunity to ask questions and request support. Opportunity to discuss safeguarding issues (with personal details removed). Guest speakers and awareness sessions. Introductions and links to relevant local authority partners (Police, Social Care ect)

This meeting initially will be focusing on both adults and children's safeguarding with a view to reassess once attendance and need is more established.

We look forward to seeing you soon!

Location: Forum CIO Princes Quay, Upper Deck, Hull

If you would like to book a place on the next meeting, please contact Amy Elton amy.elton@forumcio.org.uk.
