

Unity in Diversity

Our new HACA Song
We hope you like it.

[Verse 1]

From the islands to the shores, we rise
Under the Caribbean and African skies
Generations strong we stand as one
Every storm we've faced now overcome

[Chorus]

*Peace and unity flow like the seas
In diversity we find the keys
Legacy of love we proudly hold
Oneness shines brighter than gold*

[Verse 2]

The echoes of our ancestors, sing
Through the winds their voices ring
Islands and shores with stories to tell
Our unity's a bridge that time can't quell

[Bridge]

Through every storm we've weathered together
Our roots are deep they'll last forever
Seas may roar but we stay true
In oneness we'll always renew

[Chorus]

*Peace and unity flow like the seas
In diversity we find the keys
Legacy of love we proudly hold
Oneness shines brighter than gold*

[Outro]

Hull Afro-Caribbean standing tall
One voice one heart we answer the call
Generations bound by love and pride
Together forever side by side
