Supporting Adults at Risk Together is a conference organised by the Hull Safeguarding Adults Partnership Board for people who want to build a caring and supportive community for adults at risk.

Whether you're a professional or someone looking to make a difference, join us at the University of Hull to listen to leading authorities and local professionals to improve your understanding of the support adults at risk need.

Listen to thought provoking presentations, discussion, and case studies. Meet like-minded individuals to connect, share experiences and learn from each other.

Don't miss out on this opportunity.

We are delighted that speakers will include:

Professor Michael Preston-Shoot - University of Bedfordshire
