|-----------------------------|----------------------------|---------------------------|--------------------------------|
| Port and logistics | Skills / Employment | Economy / Growth | Innovation & R&D |
| Culture & Place Quality | Collaboration & Governance | Third Sector & Community | Leadership, MCA role & Systems |
| Education & University Role | Climate / Environment | Consultation / Engagement | Flooding |
| Data & Digital | Social Isolation / Health | Transport & Connectivity | Health / Employment |

A simple strategic framework

How is maps to the agenda

| | | | |
|-----------------------------|----------------------------|---------------------------|--------------------------------|
| Port and logistics | Skills / Employment | Economy / Growth | Innovation & R&D |
| Culture & Place Quality | Collaboration & Governance | Third Sector & Community | Leadership, MCA role & Systems |
| Education & University Role | Climate / Environment | Consultation / Engagement | Flooding |
| Data & Digital | Social Isolation / Health | Transport & Connectivity | Health / Employment |

| | |
|---------------|--------------------|
| Main sessions | Water and flooding |
| Transport | Innovation |
| Engagement | Investment |

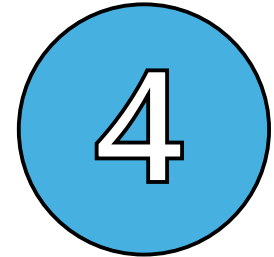

Day 2 agenda

- 13.00 – 14.00 – Work and Skills (ex.4)
- 14.00 – 15.00 – Get Britain Working (ex.5)
- 15.00 – 15.45 – Themed groups(ex.6)
- 15.45 – 16.00 – Re-cap and next steps

Work and Skills strategy

1. Short orientation briefing
2. Identify opportunities across People, Providers, and Place/Sectors
3. Map on an opportunity matrix of impact and HEYCA's influence
4. Plan actions and define and outcome indicator for the top three

Get Britain Working

1. Short orientation briefing
2. Identify opportunities linked to health of the population; the health service; the healthcare economy.
3. Map on an opportunity matrix of impact and HEYCA's influence
4. Plan actions and define and outcome indicator for the top three

Themed Discussions

1. **Water and flooding** - How can HEYCA play a convening role to align all agencies and secure more investment in water resilience and flood risk management?
2. **Transport** – How do we use investment in freight, ports and logistics to enhance wider regional connectivity and growth?
3. **Innovation** – How are we going to drive digital and tech adoption twice as fast as the rest of Yorkshire?
4. **Engagement** – We want to consult widely, but quickly — what are the assets we can use and who gets us in the door?
5. **Investment** – What are the top four investment opportunities in the region, why, and what's the HEYCA role in pushing them forward?
